 Subject: Cost of Padre Dam Water District Water
 Date: Monday, August 14, 2017 6:32:48 PM

Attached is my water bill. I am a one person household with 2 dogs. I have let my grass die and am doing my best to hang on to my trees for shade and cooling. Please add me to any list you have that supports the contention that this water district is gouging its rate payers. Padre is the 2nd highest costing water and sewer district in San Diego County. Thank you, r2
